

Informations - Permission to Work

You want to work and you are looking for a job. For that first you need a permission from **LRA**.
(**LRA** = Landratsamt in Fürstenfeldbruck)

Precondition is that you already stay **at least 3 months** in Germany.

1. You have got the **BÜMA**.

You **must** go to the LRA and ask for the permission to work.

The LRA makes a „mark“ (stamp) into the BÜMA and there are 3 possibilities:

- **the employment is allowed**

You can look now for a job without further conditions to start the job

- **the employment is only allowed with an additional permission of the foreigners Authority**

You can look now for a job. When you have got one you need the permission of the foreigners Authority to start the job

- **the employment is not allowed**

At the moment you are not allowed to work

2. You have got the **Aufenthaltsgestattung**.

You **don't** need to go to LRA.

This document already includes a stamp with the information whether you are allowed to work or not.

It is one of the 3 possibilities like for BÜMA (see above)

If you have got the permission to work, then you can look for a job.

Please contact Diakonie if you need help.
